

# NOTICE

As you have been made aware in numerous postings, company-wide meetings, and the Health Director's "Stay Safe Ohio Order" which was recently extended to May 29<sup>th</sup>, we are still required to "Stay at home or place of residence."

We've received several questions related to vacation travel outside of Ohio during the month of May. According to Section 5 of the Order, persons that leave the state and return back to the state are being asked to quarantine for 2 weeks, upon their arrival to Ohio.

We would encourage people to refrain from travel outside of Ohio, while this Order is in effect. If you do decide that you will be leaving the state for any reason during the month of May, please contact Carol Knapke or Jeff Pax prior to your departure. You will be required to quarantine for 2 weeks, at home, following your return to Ohio. This will be an unpaid quarantine. For purposes of clarity, this does not apply to persons who as part of their normal life live in one state and work or deliver services in another state.
