

FACE SHIELDS

Just a friendly reminder ~

To ensure your safety and well-being during the ongoing Coronavirus Pandemic, Pax will **continue to require** face coverings (as specified) throughout our operations. This includes being **'respectful and considerate'** of the health and safety of co-workers.

That being said ~ with the onset of summer and warmer conditions, it may be more comfortable (overall cleanliness and keeping them dry) for you **to don a FACE SHIELD** instead of a face mask.

All plant employees were issued Face Shields last month. The shields are detachable & replacements can be provided. Or if you should need a complete Face Shield assembly ~ we can get these to you too!

Please see Carol Knapke (Day Shift) or Larry Gibson (Night Shift).

Thanks!
